"Brian's presentation on Finding Flow was an outstanding workshop and extremely well received... it engaged us and helped us see ourselves through God's eyes. We were left with a desire to continue to find flow in our own lives and in our community."

— Lisa Hudkins, Spiritual Director, Spiritual Life Center, CT

"Finding Flow shares the simplicity of spiritual practice in so many varied, longstanding, and proven ways... you will find yourself building your own tailored 'rule of prayer' and move to develop a center of prayer within. This will set your spiritual life in motion so daily life can turn into a true pilgrimage marked by the resilience, inner peace, and compassion that only can come from a real relationship with God."

— Robert J. Wicks, Author of *Heartstorming: Creating a Place God Can Call Home*
